

C³ Commitment, Capability & Capacity

Lowdham Grange Business Enterprises' committed approach to its customers has ensured that we have undertaken vast amounts of work for a variety of organisations; both locally and nationally, on both temporary and long term contracts.

The range of operations we conduct are:

- Assembly
- Packaging & Labeling
- Electrical & Electronic
- Extensive Range of Textile Manufacturing
- Furniture Assembly
- Recycling & Refurbishment

The benefits to any perspective company entering in to a partnership with us are:

- Established communication networks
- Enhanced information feedback
- Reduced operating costs
- A flexible approach
- Standardised working practices
- Conformity to quality control requirements
- Problem identification and problem solution
- The added benefit of Corporate Social Responsibility compliance

C³ The Lowdham Grange Promise

Our Business Partnership Scheme enables you to make a valuable social contribution by participating in the rehabilitation of prisoners as part of your Corporate Social Responsibility policy.

We are committed to providing the education and work experiences our prisoners need to reduce re-offending post-release and work experience itself is an excellent route towards this vital rehabilitation.

At HMP Lowdham Grange we provide a far more substantial package, coupled with education and re-offending behavioural programmes with an extensive array of educational opportunities linked to employment provisions.

Within our Business Enterprises complex is a purpose built and fully equipped IT study facility which acts as an excellent provision for literacy and numeracy skills.

We also offer work based learning accreditation, via NVQ's which are tailored to suit a variety of professions. Building on this we offer students the opportunity to gain other vocational training qualifications, including; Plumbing, Painting & Decorating, Electrical Installation and Bricklaying.

These combined provisions equip HMP Lowdham Grange with one of the most innovative, dynamic and forward thinking learning environments of its kind in the UK.

Finally, our commitment to reducing re-offending also includes the provision of resettlement services post-release, helping students find housing and work within their local community.

Serco does not derive any profit from the scheme and any surplus after meeting prisoners' pay and our operation costs is reinvested in amenities and training for the students themselves.
